**DETAILED ACTION**  
**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: In claims 1, 3-6, 8 and 9, line 1, respectively, "the" before "stope supports" has been deleted.

***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose a device for the illumination of [the] stope supports in a longwall face having light sources and system controller devices at each of the stope supports, and one control power supply unit for a limited number of system controllers to supply them with low voltage, wherein the light sources are connected to the control power supply units (claims 1, 3-6, 8 and 9). The remaining claims 2 and 7 are allowed by virtue of their dependency on claim 1. Hence, the examiner has allowed claims 1 through 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Correspondence***
